About Us

Nippon Paint (India) Private Limited is a subsidiary of Nippon Paint, a Japan based Paints Manufacturing Company, founded in the year 2006. The company is considered No.1 in Asia for producing premium quality and cost-effective Interior Wall Paint, Exterior Wall Paint, Primers And Undercoats, Interior And Exterior Emulsion, Wood And Metal Paint and similar products. Mr. Haruta and Mr. Jujiro Moteki established Nippon Paint as Komyosha, the first Paint company in Japan. Since then, the company has been winning accolades for its quality production in the global marketplace. Our company is proud to be associated with the most powerful and dependable paints company, which serves painting solutions for Automobile, Construction, Marine, Decorative and Industrial Paints and other industries.

Our Infrastructure

Manufacturing Unit: We have developed a robust unit at Chennai, Tamil Nadu (India) for producing Interior Wall Paint, Exterior Wall Paint and many more paints in large quantity. Advanced manufacturing facilities installed at the unit helps us in producing paints and coating smoothly.

Warehouse: Safe packaging and storage of produced paints and coatings take place at our own well-developed warehouse. We have large space for warehousing all types of paints in a professional manner.

Our Values

Our aim is to expand our presence in the global markets for serving our cost-effective paints. For attaining the same, we have committed to serving our customers fairly and ensuring no harm to environment is caused from our end. We put great emphasis on saving fast depleting resources by using them wisely, not wastefully.
